THE Grand Lodge Independent
Order of Odd Fellows, of Tennessee,
will meet in annual session at Nash-
ville, on the 18th inst. Colonel R.
Dudley Frayser, and other prominent
members of the Order, will be in at-
tendance from this city.

THE May and December sky blue
ticket or sections of it will elude at
the Greenlaw Operahouse to-night.
Everybody should attend who feels like
it. It will help them to enjoy the
speeches to be made by House
Quarles, Bate and others yet to come
on the Democratic side.

At the Hamilton county Democratic
convention held in Chattanooga Sat-
urday, the following resolutions were
adopted:
Be it resolved, by the Democratic
party of Hamilton county, Tenn., in
convention assembled:
1. That believing firmly in its prin-
ciples enunciated by the Democratic
State convention at Nashville, Tenn.,
on June 21, 1882, we endorse the same.
2. We pledge to the Hon. Wm. B.
Bate, Democratic candidate for Gov-
ernor and to Hon. Geo. G. Dyer, the
Democratic candidate for Congress, in
the Third Congressional district, the
united and undivided support of the
Democratic party of Hamilton county.
A minority report was offered but
the above was adopted after discussion
by a vote of 32 to 7.

COL. W. A. QUARLES and Hon.
Jno. F. House, of Clarksville, will
address the people of Memphis to-
morrow night in behalf of true De-
mocracy represented by Gen. Bate
and the platform upon which he
stands. These gentlemen are able
speakers and have rendered efficient
and distinguished services to the
State. They are not candidates for
office but being animated by a patri-
otic desire for the success of Gen.
Bate and the maintenance of Demo-
cratic principles and the rights of
the people they are taking an active
part in this canvass. Those who hear
them will be entertained as well as in-
structed. There will no doubt be a
large crowd.

ATTORNEY General Lea denies em-
phatically the sensational report
which originated from the Chatta-
nooga postoffice and the Associated
Press agent at that point, that he had
instructed the Grand Jurors of the
State to indict the conductors and
agents of marriage and birthday as-
sociations. The wish was father to
the thought. The head clerk of the
Chattanooga postoffice, probably
having a little extra work to do on
account of the mail of these associa-
tions, furnished the item, which was
telegraphed back from Washington.
General Lea reiterates his opinion as
to the legality of the marriage societies.
He does not say whether there are too
many of them for all to do a prosperous
business, or whether some are better
constructed and managed than others.
These are questions for an intelli-
gent public to investigate. Some
will and should go down, doubtless,
but there is a chance for the fittest to
survive and continue to do a legitimate
business, the same as any system of
insurance, benevolence or mutual
benefits. No one should join any of
these associations without looking into
the plan and ascertaining the probable
cost and benefit. Those who go in
blind have only themselves to blame if
they are disappointed. The companies
should be ready at all times to explain
their methods, and state under af-
davit, if required—what they have
done. Those who conceal their opera-
tions are liable to excite distrust and
suspicion.

tion.**
UTICA, N. Y., October 16.—A Civil
Service Reform Association has been
formed here. Mr. White, President of
the Cornell University, is the Chair-
man.

Business in New York.
The results of diligent inquiry in-
dicate a favorable condition of busi-
ness in that city. The hotels have
been crowded this fall with buyers
from all parts of the country as yet
have not often been in years past.
Among manufacturers and wholesale
dealers the assurance is given that
trade has seldom or never been more
vigorous. Sales are 10 or 25 per cent.
heavier than they were last autumn.
The demand comes from all parts of
the Union, is not speculative, and is
nearly equal to the supply.

**The Grade of Port Admiral Re-
stored.**
WASHINGTON, October 16.—The
Secretary of Navy has decided to re-
store the grade of Port Admiral at
New York, abolished when Vice-Ad-
miral Roman was relieved from the
Yard. Commanding John H. Upham,
at present commandant at New York,
is to be assigned to the position in ad-
dition to his present duties.

Doubts as to His Complicity in
the June Massacres.

A North German Steamer
Burned.

The Feeling Between England
and France.

LONDON, October 16.—A cor-
respondent of the Times from Constan-
tinople says: The Sultan has signified
his acceptance of Said Pasha's condi-
tions for remaining in office, viz: The
abandonment of the Austro German
alliance, the acceptance of the accom-
plished facts in Egypt, and a re-es-
tablishment of the good understanding
between England and France on the
Eastern question was only in principle.
The Sultan really desires to
frustrate Said Pasha's plans if the
crisis continues.

St. Petersburg, October 16.—
Freezing weather has set in, and na-
vigation has been suspended in the
Volga and Kama rivers on account of
drift ice.

PORTSMOUTH, October 16.—The
transport Nevada has arrived from
Ismailia with 236 invalids. Thirteen
men died on the passage.

DUBLIN, October 16.—The Free-
man's Journal, in reviewing the pro-
gramme of the National Conference,
says it is strictly constitutional and
parliamentary, and only within the
lines of the constitution can the battle
of Ireland be fought.

Elaborate military preparations are
being made at the Vice Regal Lodge.
The soldiers leave the lodge only in
couples. Half the available force will
be retained in the barracks at Mar-
wood. The hangman is threatened
with assassination if he ventures to go
to Ireland to perform an execution.

LONDON, October 16.—The cargo of
the steamer Preston, ashore near Bur-
wick, is still being thrown overboard.
Three tugs were in attendance yester-
day, but nothing could be done to-
wards floating the vessel. This morn-
ing the Preston remains broadside to
the sea in a bad position. No lights or
boats can get alongside.

The North German Lloyd steamer
Frankfort burned yesterday, while at
anchor in the harbor of Bremer
Haven.

The Times says it has reasons
to believe that there are good pros-
pects of a friendly understanding
being arrived at between France and
England in regard to Egypt.

CAIRO, October 16.—It is believed
in official circles that the proof of
Arabi Pasha's complicity in the June
massacres in Alexandria has not been
obtainable. It is claimed that the
Swiss can prove that many Bedouins
were shot by Arabi's orders for loot-
ing.

CAIRO, October 16.—Arabi Pasha
persists in declaring he will defend
himself if denied English counsel at
his trial.

BRUTAL MURDER.

A Young Man of Indianapolis
Kicked to Death.

INDIANAPOLIS, October 16.—At an
early hour this morning two parties of
young men, one composed of roughs,
met and a quarrel ensued, resulting in
the murder of one of them in a most
barbaric manner. They had all been
drinking, and it is not known just how
the altercation was brought about, but
it is certain that Albert Wilber was
knocked down by Michael Scanlan and
kicked in the side and head until he
was dead. His body was a horrible
sight when the police found it.
Wilber's companions deserted him at
the first appearance of the trouble and
left him to his fate. Scanlan and his
associates were arrested and are held
to await examination. He admitted
the commission of the assault.

Disasters Fire at Philadelphia.
PHILADELPHIA, October 16.—The
freight sheds on pier No. 8 at the
South Wharves, the pier itself, and
all the freight stored thereon, and
the large tug boats Argus and Major,
together with the narrow gauge rail-
road depot and contents were destroyed
this morning. Three of the crew of
the Major were terribly burned, and
a number of others were seriously in-
jured by falling spars. The rigging of
several vessels was burned away, but
no serious damage done. Loss, \$100,000.

Chicago Special.
CHICAGO, October 16.—A Pekin,
Illinois, special says: John Black, a
well known merchant, also President
and Secretary of the Crown Distilling
Company, of this city, in which D. T.
Mills, of Boston, is interested, left
here on the 13th of September for Bos-
ton, and is said to have sailed for
Europe. Investigation produces the
conviction that he is a defaulter to his
partners and has victimized his rela-
tives and widows and orphans. The
debtors aggregate over fifteen
thousand dollars.

NEW YORK.
No More Hebrew Immigrants
Wanted at Present—An Escort
of 10,000 Persons to Receive
the Remains of Fanny Parnell.

NEW YORK, October 16.—The
Hebrew Immigrant Society has de-
cided to notify London, Paris and
Berlin authorities not to forward any
more refugees to this country.

The Land League Presidents and
the Ladies Central Land League met
to-day and made arrangements for
receiving the remains of Fanny Parnell,
Wednesday morning. It has
been decided an escort numbering
some 10,000 persons should receive the
cortege at the Courtlandt street ferry
and accompany it to the Forty-second
street depot en route to Boston. The
Sixty-ninth Regiment and other mil-
itary organizations are to be in at-
tendance.

ATTORNEY GENERAL LEA'S
DENIAL.
Untrue the Rumor that He Will
Have the Marriage Guilds
Indicted.

Knoxville Tribune, 15th.
A rumor, emanating from Chatta-
nooga, gained some currency on the
streets yesterday, to the effect that
the Attorney General for Tennessee had
instructed the Grand Jurors of the
State to indict the principals of the
Marriage and Birthday Mutual Aid
Associations for carrying on fraudu-
lent business. Hon. B. J. Lea, At-
torney General for the State of Ten-
nessee, being in Knoxville attending
the Supreme Court, was interviewed
yesterday regarding the rumor. Judge
Lea said emphatically that it was
without foundation. He had given
no such instructions to Grand Jurors.
On the contrary, he reiterated his
former opinion given officially a few
months ago, to the effect that the
associations in question are not illegal,
but are authorized by law. We learn
that Judge Lea formulated this opinion
after having consulted the Justices
of the Supreme Court.

THE RACE COURSE.

Arrival of Horses and Other
Features.

Over a hundred visitors went out to
the race course yesterday to look at
the racing stock, some forty or more
of which have already arrived to par-
ticipate in the approaching meeting.
Numerous ladies were among the
visitors. From one hundred to one
hundred and twenty horses are ex-
pected to be added to the list at the
course, and stables for their accommoda-
tion are in course of erection. A number
now at Little Rock are expected to be
here by the first of next week. As
far as ascertained, the following horses
are now at the track:

John Gray, from New Orleans,

Maid Pollock and Paddy Ryan.

Sullivan, Lord Ragland, Ada Bas, and
will have Monarch, now at Baltimore,
here by the last of the week.

The Home Insurance Company.

The Home Insurance Company held
its annual meeting on Wednesday, the
4th inst., upon which occasion a state-
ment of an exceedingly gratifying
character was made to the stockhold-
ers. The prosperity of this company
is well deserved, as the officers in-
charge are working earnestly to in-
crease its business, and to make it
popular with patrons by prompt set-
tlement of losses, when mishaps occur
among them. The company has, how-
ever, been fortunate, and but few
fires of magnitude have occurred dur-
ing the past year. At the regular an-
nual meeting Mr. J. J. Busby de-
clared a re-election to the position of
director because occupied by railway
and business interests elsewhere, and
Mr. E. L. McGowan was elected in
his stead. The directory elected were
as follows: M. C. Pearce, L. B. Eaton,
L. Haasner, J. J. Busby, H. Wetter,
H. Luethmann, John K. Speed,
James Yonge, R. B. Snowden, H.
Furestenberg, P. McIntyre, N. M.
Jones and Louis Erb. On Saturday last
the newly elected directors met and
re-elected the following officers under
whose management the business of the
company has made so much improve-
ment, viz: M. C. Pearce, president;
John K. Speed, vice-president; Bun
F. Price, secretary.

In addition to serving as secretary
of the Home Company, Mr. Price is
the resident agent of the Phoenix
Company of London, the Fire Insur-
ance Association of England and the
Crescent Company of New Orleans, all
excellent and prompt in loss-paying
qualities. The Crescent, of New Or-
leans, is one of those which takes
risks on cotton gins, and Mr. Price so-
licits this kind of business with the
assurance that he will make speedy
adjustments and quick settlements in
all cases where losses occur. Parties
having insurance to place will find it
to their interest to call on Mr. Price,
and arrange with him either in the
Home of Memphis or with one of the
companies he represents.
